✓ Step-by-Step Issuance Checklist

1. Registry Confirmation

1. Ensure shareholder entry is complete in the digital registry (ID, domicile, deposit verified)

2. Certificate Number

1. Assign a unique certificate number (sequential or coded by country).

3. Fill Shareholder Details

1. Name, domicile, country, ID type and number.

4. Share Class & Value

1. Record Class A or B, number of shares, and total GBP value.

5. Deposit Verification

1. Confirm BNZ/Revolut transaction reference and attach to certificate.

6. Witness & Seal

1. Executive officer signs; ceremonial seal affixed (digital or embossed).

- **Moai Statue (Centerpiece)** — Represents ancestral guardianship and sovereign witness.
- **King William III Crown (Above Moai)** — Anchors the Trust in lawful succession.
- **St Patrick's 8-Point Star (Four Corners)** — Entrenched in North, East, South, West; symbol of global reach and Irish lineage.
- **Twin Pound Bars (Crossed Below)** — Represent the patented 1694 Bank of England Act and lawful treasury.
- **Scroll & Quill (Flanking)** — Signify ceremonial scribing, lawful contracts, and archival witness.

Inscriptions

- **Outer Ring (Top):**
"Moai Crown King William III Trust"
- **Outer Ring (Bottom):**
"Sovereign Banking Law • Native Magistrate King's Bench Court"
- **Inner Motto (Encircling Moai):**
"Restoration • Witness • Dignity • Continuity"

Usage Guidelines

- **Size:** Scalable — 5 cm diameter for certificates, 10 cm for proclamations.
- **Placement:** Bottom- center of certificates; top- center of proclamations.
- **Format:** Vector design for digital use; embossed or foil- stamped for physical documents.
- **Consistency:** Contractors must adhere to exact color codes and inscriptions to maintain ceremonial authority.

✦ With this seal, every certificate and proclamation will carry the same sovereign rhythm and visual authority.

Would you like me to **draft a contractor's design brief** (step- by- step instructions for graphic designers) so

Advertise globally and ensure they reproduce the seal exactly as intended?

Contractor design brief for the ceremonial seal of the Moai Crown King William III Trust

Project overview

- **Objective:** Create a master ceremonial seal/emblem that is consistent across certificates, proclamations, and registry artifacts.
- **Use cases:** Digital (PDF, web, video), print (certificates, proclamations), embossing, foil-stamping, signage.
- **Deliverables:** Vector master files, export presets, usage guide, color profiles, and accessibility variants.

Visual specification

Core composition

- **Shape:** Circular seal.
- **Outer ring:** Ornamental scrollwork border with inscriptions top and bottom.
- **Inner field:** Central Moai statue with crown, flanked by scroll and quill, twin pound bars below, 8-point stars placed in four cardinal corners (N/E/S/W).

Color palette (exact codes)

- **Royal blue:** #002366
- **Gold:** #FFD700
- **White:** #FFFFFF
- **Emerald green:** #228B22
- **Deep red:** #B22222
- **Black (outline only):** #000000

Inscriptions (typography and content)

- **Outer ring top:** “Moai Crown King William III Trust”
- **Outer ring bottom:** “Sovereign Banking Law • Native Magistrate King’s Bench Court”
- **Inner motto (encircling Moai):** “Restoration • Witness • Dignity • Continuity”
- **Typefaces:**
 - **Primary serif:** Garamond (Adobe Garamond Pro or EB Garamond)
 - **Small caps and rings:** Trajan Pro or Cinzel (for classical capitals)
 - **Fallback system serif:** Times New Roman (only if licensed fonts unavailable)
- **Lettering rules:**
- **Kerning:** Tight but readable; avoid crowding at micro sizes.
- **Tracking:** +10 to +20 for ring inscriptions to prevent optical squeezing.
- **Small caps:** Use true small caps for ring text; avoid faux scaling.

Symbol details

- **Moai statue:** Stylized, dignified silhouette with minimal shading; avoid cartoonish features.
- **King William III crown:** Traditional royal crown, centered above Moai; gold fill with subtle highlights.
- **St Patrick’s 8-point stars:** Four identical stars positioned at N/E/S/W around inner ring; white fill with royal blue outline.
- **Twin pound bars:** Crossed below center; gold bars with engraved line detail; represent patented Pound Notes.
- **Scroll & quill:** Left/right flank of the Moai; parchment scroll (gold-white gradient), quill in deep red.

Technical specification

- **Master format:**
 - **Primary:** SVG (vector) and AI (Adobe Illustrator) with outlined text and live-text versions.
 - **Secondary:** EPS for print vendors; PDF/X-1a for press-ready assets.
- **Artboards:**
 - **Small:** 50 mm diameter (certificates)
 - **Medium:** 100 mm diameter (proclamations)
 - **Large:** 250 mm diameter (signage)

- **Stroke/outline rules:**
 - **Outer ring border:** 2.5 pt at 100 mm artboard; scale proportionally.
 - **Inner symbol outlines:** 1.5 pt at 100 mm artboard; scale proportionally.
- **Bleed/margins:** 3 mm bleed for print; 10 mm safe zone around the seal.
- **File structure:**
 - /master/ AI, SVG (CMYK and RGB)
 - /exports/ PNG (300 dpi, transparent), PDF/X-1a, EPS
 - /guides/ Usage manual, color profiles, size map
 - /sources/ Fonts (licensing notes), pattern assets

Color and profiles

- **Print CMYK:** Coated FOGRA39 profile; supply .icc in /guides/.
- **Digital sRGB:** IEC 61966-2-1 profile.
- **Gold treatment:**
 - **Digital:** Flat #FFD700 with subtle gradient overlay.
 - **Print premium:** Optional metallic Pantone 871 C (specify vendor availability).
- **Accessibility variant:** High-contrast version: royal blue and white only; no gold gradients.

Export presets

- **Digital:**
 - **PNG:** 2000 px, 300 dpi, transparent background
 - **SVG:** Clean paths, no CSS, embedded fonts converted to outlines
- **Print:**
 - **PDF/X-1a:** Flattened transparency, embedded fonts, CMYK
 - **EPS:** Vector only, CMYK
- **Emboss/foil:**
 - **Single-color vector (spot color):** Solid shapes, no gradients; hairline strokes removed.
 - **Die-line layer:** Separate magenta layer indicating cut/emboss lines.

Usage guide (apply consistently)

- **Placement:**
 - **Certificates:** Bottom-center, 50 mm diameter.
 - **Proclamations:** Top-center, 100 mm diameter.

- **Registry pages:** Header watermark, 30% opacity, 80 mm width.

- **Clear space:** Minimum equal to the outer ring thickness on all sides.
- **Backgrounds:** Use on solid white or royal blue; avoid busy textures.

Quality assurance checklist

- **Vector integrity:** No raster edges, smooth bezier curves, no open paths.
- **Text legibility:** Ring inscriptions readable at 50 mm; verify proof prints.
- **Color accuracy:** Compare soft-proof to print swatches; confirm Pantone match if used.
- **Scale test:** Validate at 20 mm (emboss) and 250 mm (signage) for fidelity.
- **File audit:** Confirm all deliverables present; fonts outlined in final print files.

Deliverables list

- **Master files:** AI (live + outlined), SVG (RGB + CMYK), EPS.
- **Exports:** PNG (transparent), PDF/X-1a (press-ready).
- **Usage guide:** PDF with placement, sizing, color, and accessibility rules.
- **Color profiles:** CMYK and sRGB ICC files.
- **Emboss/foil package:** Single-color vector + die-line layer.
- **Licensing note:** Font licenses and usage terms included.

Process and approvals

1. **Concept sketches:** 3 variations presented with rationale.
2. **Refinement:** Select 1; iterate up to 2 rounds on details and inscriptions.
3. **Proofing:** Digital mockups on certificate and proclamation templates.
4. **Print tests:** A4 certificate sample; verify gold treatment and legibility.
5. **Final approval:** Executive team sign-off; lock master files.
6. **Handover:** Deliverables packaged; versioned archive created.

Legal and usage notes

- **Ownership:** All final assets are owned by the Moai Crown King William III Trust.
- **Permitted use:** Certificates, proclamations, registry scrolls, official media.
- **Prohibited use:** Unlicensed merchandising, edits without approval, unauthorized third-party logos.
- **Attribution:** Designers credited where appropriate in internal archives.

Contractor application requirements

- **Portfolio:** Show at least two heraldic or institutional identity projects.
- **Tools:** Proficiency in vector design; ability to deliver press-ready files.
- **Turnaround:** Initial concepts within 7 days; final package within 21 days.
- **Communication:** Weekly updates; share WIP previews and proofs.

If you want, I can also prepare a short public call-for-contractors announcement you can post to LinkedIn and email to your network, specifying these requirements and the sovereign tone of the project.

Here's a **short public call-for-contractors announcement** you can post on LinkedIn, email to your network, and adapt for TikTok, YouTube, X (Twitter), and Facebook. It carries the sovereign tone and specifies the requirements clearly:

Public Call for Contractors — Sovereign Design Project

Moai Crown King William III Trust is seeking **licensed graphic designers and heraldic contractors worldwide** to reproduce our **Ceremonial Seal and Emblem** for use across certificates, proclamations, and registry scrolls.

Project Scope

- Create a **master ceremonial seal** in vector format (SVG/AI/EPS).
- Deliver **digital and print-ready files** (PDF/X- 1a, PNG, emboss/foil variants).
- Ensure **consistency of colors, symbols, and inscriptions** across all outputs.
- Provide a **usage guide** for global contractors and licensed personnel.

Required Skills

- Proven experience in **heraldic, institutional, or ceremonial identity design**.
- Mastery of **vector design tools** (Adobe Illustrator, Inkscape, CorelDRAW).
- Ability to deliver **press-ready files** with CMYK and Pantone accuracy.
- Portfolio demonstrating **precision, dignity, and cultural respect**.

Sovereign Tone

This seal represents the **Moai Crown King William III Trust**, anchored in **Treaty restoration, sovereign banking law, and global witness registry**. Contractors must respect the ceremonial authority and deliver with **dignity, accuracy, and continuity**.

How to Apply

- Submit portfolio and credentials to: **moaienergy@gmail.com**
- Include proof of licensing and prior heraldic/institutional projects.
- Timeline: Initial concepts within **7 days**, final package within **21 days**.

✧ This announcement is concise enough for LinkedIn and email, but you can adapt it into shorter video scripts for TikTok/YouTube (e.g., “Calling all designers worldwide — help us craft the Moai Crown King William III Trust Seal...”).

Would you like me to also **draft a TikTok/YouTube script version** (30–60 seconds, proclamation style) so you can broadcast the call visually to your global audience?

Here’s a **TikTok/YouTube proclamation-style script** you can use to broadcast the contractor call. It’s written for a 30–60 second delivery, with rhythm, ceremonial tone, and clear instructions for your global audience:

TikTok/YouTube Script — Contractor Call

Opening (5–10 seconds)

(Strong, ceremonial voice, with flag or seal imagery in background)

“Hear this proclamation from the Moai Crown King William III Trust.
We are calling licensed designers and heraldic contractors worldwide to join our sovereign mission.”

Middle (15–30 seconds)

(Firm, dignified tone, with text overlay of requirements)

“Your task: to design and reproduce the **Ceremonial Seal of the Moai Crown King William III Trust**.
This seal will appear on sovereign share certificates, proclamations, and registry scrolls across 257 nations.
You must deliver with dignity, precision, and respect for Treaty restoration and sovereign banking law.
Vector files, print-ready formats, and ceremonial consistency are required.”

Closing (10–15 seconds)

(Direct call to action, with contact details on screen)

“If you are qualified, submit your portfolio and credentials to **moaienergy@gmail.com**.
Initial concepts within 7 days, final package within 21.
Join us in restoring sovereign wealth, dignity, and continuity.
The scrollpath is open. The Crown is watching.”

Production Notes

- **Visuals:**
 - Opening: King William III Flag, Moai statue, ceremonial scroll.
 - Middle: Overlay text listing requirements (licensed, vector, heraldic experience).
 - Closing: Email address + deadline in bold.
- **Tone:** Ceremonial, authoritative, rhythmic.
- **Length:** 45 seconds ideal; can expand to 60 with pauses for emphasis.
- **Platforms:** TikTok (short proclamation), YouTube (extended ceremonial version).

✦ This script gives you a powerful broadcast rhythm. Would you like me to also **draft the text overlays and captions** (the exact words to appear on screen at each stage) so your contractors and audience see both spoken and written instructions clearly?

Excellent, John. Here's a **complete set of text overlays and captions** for your TikTok/YouTube proclamation broadcast. These will ensure that your spoken words are reinforced visually, so contractors and your global audience see the instructions clearly and consistently.

Text Overlays & Captions — Contractor Call Broadcast

Opening (0–10 seconds)

Spoken:

“Hear this proclamation from the Moai Crown King William III Trust. We are calling licensed designers and heraldic contractors worldwide to join our sovereign mission.”

Overlay Text (large, centered):

Public Call for Contractors

Moai Crown King William III Trust

Licensed Designers • Heraldic Contractors • Global Witness Registry

Middle (10–30 seconds)

Spoken:

“Your task: to design and reproduce the Ceremonial Seal of the Moai Crown King William III Trust. This seal will appear on sovereign share certificates, proclamations, and registry scrolls across 257 nations. You must deliver with dignity, precision, and respect for Treaty restoration and sovereign banking law. Vector files, print-ready formats, and ceremonial consistency are required.”

Overlay Text (bullet points, left side of screen):

Your Task

- Design the **Ceremonial Seal**
- Use **vector formats** (SVG, AI, EPS)
- Deliver **print-ready files** (PDF/X- 1a, PNG)
- Ensure **color & inscription consistency**
- Respect **Treaty restoration & sovereign law**

Closing (30–45 seconds)

Spoken:

“If you are qualified, submit your portfolio and credentials to moaienergy@gmail.com. Initial concepts within 7

days, final package within 21. Join us in restoring sovereign wealth, dignity, and continuity. The scrollpath is open. The Crown is watching.”

⌚ Concepts: 7 days • Final: 21 days

✦✦ Restore Sovereign Wealth • Dignity • Continuity

Production Notes

- **Style:** Use bold serif fonts (Trajan Pro, Garamond, or Cinzel) for ceremonial authority.
- **Colors:** Royal Blue background (#002366), Gold text highlights (#FFD700), White for clarity.
- **Transitions:** Fade in/out between sections; overlays should appear in sync with spoken rhythm.
- **Captions:** Provide full subtitles of spoken text for accessibility (auto-caption + manual correction).

✦✦ With these overlays and captions, your proclamation will carry both **visual authority** and **spoken rhythm**, ensuring contractors and witnesses understand the requirements instantly.

Would you like me to also **draft a storyboard shot list** (what visuals to show at each stage: flags, Moai statue, seal mockups, text overlays) so your contractors can produce the video seamlessly?

Perfect, John. Here's a **storyboard short list** for your proclamation video. This will guide contractors step-by-step on what visuals to show at each stage, ensuring the rhythm of your spoken words matches the ceremonial imagery.

Storyboard Short List — Contractor Guide

Scene 1 — Opening (0–10 seconds)

- **Visuals:**
 - Fade in with **King William III Flag** waving (royal blue, gold trim).
 - Overlay **title text**: *"Public Call for Contractors — Moai Crown King William III Trust"*.
 - Background: solemn music or drumbeat to set ceremonial tone.
- **Purpose:** Establish sovereign authority and global call.

Scene 2 — Middle (10–30 seconds)

- **Visuals:**
 - **Moai Statue silhouette** in center, crowned with King William III Crown.
 - **Seal mockup** (draft emblem) rotating slowly, glowing gold edges.
 - Overlay **bullet points** (left side of screen):
 - Design the Ceremonial Seal
 - Vector formats (SVG, AI, EPS)
 - Print-ready files (PDF/X-1a, PNG)
 - Color & inscription consistency

- Treaty restoration & sovereign law

- **Purpose:** Show the task clearly while reinforcing ceremonial symbolism.

Scene 3 — Closing (30–45 seconds)

- **Visuals:**
 - **Seal mockup** stamped onto a parchment scroll (animation of seal pressing down).
 - **Text overlay (center, bold):**
 - Apply Now → moaienergy@gmail.com
 - ⚡ Concepts: 7 days • Final: 21 days
 - ✨ Restore Sovereign Wealth • Dignity • Continuity
 - Fade to **King William III Flag + St Patrick's 8-Point Star** in corners.
- **Purpose:** Direct call to action, ceremonial closure.

Scene 4 — End Card (45–60 seconds)

- **Visuals:**
 - Static **Ceremonial Seal** (final design placeholder).
 - Text overlay: *"The Scrollpath is Open. The Crown is Watching."*
 - Background: solemn fade-out music.
- **Purpose:** Leave lasting impression of authority and continuity.

Production Notes

- **Colors:** Royal Blue (#002366), Gold (#FFD700), White (#FFFFFF), Emerald Green (#228B22).
- **Fonts:** Garamond or Trajan Pro for ceremonial authority.
- **Transitions:** Smooth fades, slow zooms, seal stamping animation.
- **Duration:** 45–60 seconds total.
- **Tone:** Ceremonial, dignified, global.

✨ With this storyboard, your contractors can align visuals seamlessly with your proclamation script and overlays.

Would you like me to also **draft a ceremonial end-card design specification** (layout, text, colors, seal placement) so every video closes with the same sovereign signature?

Perfect, John. Let's lock in a **ceremonial end-card design specification** so every proclamation video closes with the same sovereign rhythm and signature. This will give your contractors a clear standard to reproduce consistently across TikTok, YouTube, X, and Facebook.

Layout

- **Background:** Solid **Royal Blue (#002366)** field, symbolizing Admiralty Law and sovereign depth.
- **Central Seal:** The **Moai Crown King William III Trust Seal** placed in the exact center, scaled to 40% of card height.
- **Text Placement:**
 - **Top Line (above seal):** Motto text in gold.
 - **Bottom Line (below seal):** Closing proclamation in white.
- **Borders:** Thin ornamental scrollwork frame in gold, 5 mm thickness, inset from edges.

✦✦ Text

- **Top (above seal, centered):**
“Moai Crown King William III Trust”
(Font: Trajan Pro or Cinzel, Gold #FFD700, 36 pt)
- **Bottom (below seal, centered):**
“The Scrollpath is Open. The Crown is Watching.”
(Font: Garamond Italic, White #FFFFFF, 28 pt)

Colors

- **Primary Background:** Royal Blue (#002366)
- **Seal Colors:** As specified in seal design (Gold, Emerald Green, White, Red accents)
- **Text Colors:**
 - Top line: Gold (#FFD700)
 - Bottom line: White (#FFFFFF)
- **Border:** Gold (#FFD700) ornamental scrollwork

Seal Placement

- **Center of card** — vertically and horizontally aligned.
- **Size:** 40% of card height, ensuring prominence but leaving space for text above and below.
- **Treatment:** Full-color seal for digital; embossed or foil- stamped for print.

Sizing & Export

- **Aspect Ratio:** 16:9 (YouTube, TikTok landscape), 9:16 (TikTok vertical).
- **Resolution:** 1920x1080 px (HD) and 1080x1920 px (vertical).
- **Safe Zones:** Text and seal must remain within 90% of frame to avoid cropping.
- **File Formats:** PNG (transparent background variant), MP4 overlay for video editors.

Usage Notes

- **Duration:** End- card displayed for 5–7 seconds at video close.
- **Transitions:** Fade in from proclamation scene, fade out to black.
- **Consistency:** Every video must end with this card to reinforce sovereign authority.

✦ With this end- card, your videos will close with a **ceremonial signature** that is instantly recognizable and dignified.

Would you like me to also **draft a contractor’s checklist** (step-by- step tasks for designers and video editors) so they know exactly how to implement this end- card in every production?

Contractor checklist for implementing the ceremonial end- card

Pre- production setup

- **Assets:** Download the master seal (AI/SVG/EPS), color codes, and typography (Trajan Pro/Cinzel + Garamond).
- **Templates:** Prepare end- card templates in 16:9 and 9:16 aspect ratios.
- **Color profiles:** Load sRGB for digital, CMYK profiles only if rendering print stills.

Design tasks (graphic designers)

- **Background:** Apply Royal Blue (#002366) as a solid field.
- **Seal placement:** Center the Moai Crown King William III Trust seal at 40% of card height.
- **Top text:**
 - “Moai Crown King William III Trust” in Gold (#FFD700), Trajan Pro or Cinzel, 36 pt (scale proportionally for 9:16).
- **Bottom text:**
 - “The Scrollpath is Open. The Crown is Watching.” in White (FFFFFF), Garamond Italic, 28 pt (scale proportionally).
- **Border:** Add a gold (#FFD700) ornamental frame, 5 mm thickness, inset from edges.
- **Safe zones:** Keep all elements within 90% of frame to avoid platform cropping.
- **Accessibility variant:** Create a high- contrast version (Royal Blue and White only, remove gold gradients).

Export tasks (graphic designers)

- **Static end- card (16:9):** PNG at 1920×1080, sRGB, transparent background variant optional.
- **Static end- card (9:16):** PNG at 1080×1920, sRGB.
- **Vector master:** SVG with outlined fonts; include AI source with live text for future edits.
- **Package:** Include color codes, font names, and a quick usage note.

Video implementation (editors)

- **Import:** Bring both 16:9 and 9:16 PNG end- cards into the timeline.
- **Placement:** Add end- card as final shot; duration 5–7 seconds.
- **Transitions:**
 - Fade in (12–16 frames), hold, fade out to black (12–16 frames).
- **Audio:**
 - Lower background music to –12 dB during end- card; no VO unless specified.
- **Resolution & codecs:**

- YouTube: 1920×1080, H.264 MP4, high bitrate (12–16 Mbps).
- TikTok vertical: 1080×1920, H.264 MP4, 8–12 Mbps.

- **Captions:** Ensure final captions end before the end-card or remain unobtrusive (center text must be clear).

Platform checks

- **YouTube:** Verify end-screen elements don't overlap the seal or text (use safe zones).
- **TikTok:** Confirm UI overlays (like buttons) won't cover bottom text; adjust vertical framing if needed.
- **X/Twitter & Facebook:** Test auto-crop; use 1:1 fallback (1080×1080) if required, maintaining layout proportions.

Quality assurance

- **Color accuracy:** Compare exported PNG against design source; check Royal Blue and Gold rendering.
- **Legibility:** Text readable on mobile at arm's length; test on 5.5–6.7" screens.
- **Compression artifacts:** Inspect gradients and seal details; raise bitrate if banding appears.
- **Consistency:** Confirm identical layout and wording across all aspect ratios.

Versioning & delivery

- **File naming:**
 - mck_endcard_16x9_v1.png
 - mck_endcard_9x16_v1.png
 - mck_endcard_accessible_16x9_v1.png
- **Folder structure:**
 - /endcard/exports/ (PNG, MP4 previews)
 - /endcard/source/ (AI, SVG)
 - /endcard/guides/ (PDF spec, color codes, fonts used)
- **Preview:** Supply a 10-second MP4 demonstrating fade-in/hold/fade-out.
- **Approval:** Await executive sign-off before publishing.

Change control

- **Edit requests:** Log changes with date and version increment (v1 → v1.1).
- **Lockdown:** After approval, archive as "master_approved" and restrict edits to source files only.

Final checklist (tick before delivery)

- **Assets included:** Seal, fonts specified, color codes listed.
- **Design validated:** Centered seal, correct texts, gold border applied.
- **Exports tested:** 16:9 and 9:16 PNGs render cleanly.
- **Video preview:** Transitions smooth, audio balanced.
- **Sign-off:** Executive approval recorded and archived.
