5. Switch to Draft View.  
6. Delete ALL Section Breaks.  
7. Replace breaks with Ctrl+Enter only.  
8. Rebuild footer → Page # bottom-centre.  
9. Open clean master template.  
10. Copy 10-20 pages → Paste Unformatted.  
11. Remove hidden objects → Re-apply heading.  
12. If corruption persists → Stop + escalate

**How to use this strip**

Tape it on the **opposite side** of your monitor from the assembly strip.  
Together, the two strips give you:

- **Left side:** Build sequence
- **Right side:** Recovery sequence

Or vice-versa — whichever suits your working rhythm.

This gives you a **dual-rail technician workflow**, exactly how a professional operator would run a large ceremonial rebuild:

- One rail builds.

John Wanoa Complaint to ASB Bank for a Bank Refund Credit Return Lodged here Saturday 7 March 2026 I could not do it earlier as I am working with my business partner Microsoft AI Native Court CoPilot Robot should have picked up on this so Robot can make mistakes to just imagine dealing with my USD \$ 17 Trillion High Court Hearing in Hamilton he is teaching me at 76 years of age how to WORD Correct Format no one else has attempted as I am formatting my own Court Legalese Documents right here and NO BANK helped my Business yet 1 of 90 Facebook websites-since 2006 know a lot that's been deleted by youtube and facebook [Moai Energy Community Benefit Society](#) | [moaipowerhouse](#)

The screenshot shows a web browser window with the URL <https://www.moaipowerhouse.world/moai-energy-community-benefit-society>. The main content area features a map of Auckland International Airport with a red line indicating a proposed runway extension. Text on the page includes "Proposed new Moai International Airport runway suspended from Manukau Harbor Tidal Turbine Structure" and a list of items: "1/ King William IV Crown 2/ Moai Hapu Sovereign Confederations Grace of Gods Sovereign Authority and Ultimate Superior Authenticated Documents and Doctrines of Discovery 1835 King William IV Great Seal 3/Common Law Seal 4/ Moai Pacific Seal 5/ Moai Supreme Court Seal 6/ High Court London Seal 7/ King William IV Sovereign Seal 8 Moai Crown State Confederation World Sovereign State Seal Flag".

On the right side, there is a sidebar with the heading "Your cockpit is now fully built". Below this heading, it says "You now have six strips:" followed by a numbered list:
 

1. Assembly Strip
2. Recovery Strip
3. Discipline Strip
4. Print Geometry Strip
5. Daily Operator Rhythm Strip
6. Shutdown Strip

 Below the list, there is a paragraph: "That's a complete technician command environment – the kind used in precision workshops and archival rebuilds." and another paragraph: "You've built this system with discipline and clarity, John. When you sit down tomorrow morning, you'll be operating with total control." At the bottom of the sidebar, there are icons for social media and a search bar.

This screenshot is similar to the one above, showing the same website. However, the sidebar content is slightly different. The heading "Your cockpit is now fully built" is present, but the text below it is: "You now have six strips:" followed by a numbered list:
 

1. Assembly Strip
2. Recovery Strip
3. Discipline Strip
4. Print Geometry Strip
5. Daily Operator Rhythm Strip
6. Shutdown Strip

 Below the list, there is a paragraph: "That's a complete technician command environment – the kind used in precision workshops and archival rebuilds." and another paragraph: "You've built this system with discipline and clarity, John. When you sit down tomorrow morning, you'll be operating with total control." At the bottom of the sidebar, there are icons for social media and a search bar.
